PRATYEK

Annual Report 2017-18

Every Child, For Every Right, For Everyone

"It was a bright sunshiny day in Delhi today and it had nothing to do with the weather. It was the energy and smiles of these amazing kids from '**NINE**IS**MINE**', a key partner of @unicefindia. These kids aged between 11 and 16, are active child rights advocates who relentlessly support the important issues of child education, health and protection.... not just in their own homes but also in their communities. Imagine their bravery, going out into those very communities to fight the mindsets and stigmas that were set eons ago. I salute each and every one of them. I know they will make this world a better place in their own way. Maybe we all should take a lesson from them! And... at the end of it all, they infused my morning with their infectious enthusiasm.... and so we danced. #endchildmarriage @9ism9."

Actor Priyanka Chopra, Unicef Global Goodwill Ambassador

Message From The President

Children are often are the most silent bearers of any given community's suffering. Over the last few years, we have seen images of this unpleasant truth in places of war and natural calamities. Some of these images have been the last straw to awaken human kind. The stories of the worst type of atrocities on vulnerable children have heralded a slew of judicial measures in the realm of 'child protection'. History has shown from time to time, that it is always a dangerous territory when an individual presumes the right to decide on behalf of someone else, especially children.

PRATYeK has, since its inception, modelled an alternative way of deciding what's best for children- by giving them a voice. Empowering every child to express him/herself and creating forums for them to do so have been PRATYeK's vision. Irrespective of caste or creed, ability or language, geographical territory or access to schooling, PRATYeK has trained boys and girls, and engaged with other organisations that do so, from every corner of this culturally diverse and traditionally rich country, to think for themselves and express their thoughts responsibly. Training young people in the art of how best to use the most valuable gift of this nation, democracy, has been something that PRATYeK has mastered to a very fine art.

In 2017-2018, riding on the wisdom gathered from all its experience of working with children, PRATYeK had embarked on a momentous journey of forming 100 Children's Parliaments, across every State and Union Territory of India, in anticipation of the next general elections. The dream is to allow Indian children at large to voice their needs and expectations in a manner that they be heard. Prior to the last nationwide elections for the Lower House of the Indian Parliament, most major political parties had some mention of children's issues in their election manifestos, but obviously those were more decorative than sincere, as seen by the outcomes since the election. PRATYeK hopes to change that significantly in favour of children's issues getting highlighted by children themselves, in time for the next election, in such a way that they cannot be ignored from here on.

Let's hope we will all have the opportunity to watch children take a vow for mainstreaming their concerns. In the meanwhile, much hard work is happening by numerous individuals and agencies towards making this dream a reality. To all of these and the child-advocates themselves, my 'salaam'!

With every good wish,

Ralph Sequeira.
President PRATYeK

Message From The Executive Director

In the year 2015, the Global Leaders signed the Sustainable Development Goals. This Global Agenda underlined the need to ensure 5 P's namely, People, Planet, Prosperity, Peace and Partnerships… for ALL. PRATYeK has embraced these goals and ideals and the added task of educating and training young people in the art of keeping duty bearers accountable to their fulfilment and rights holders responsible to diligently seeking their realisation. As an organisation we have added to this list, the Ps of Presence, Progeny, Participation and PRATYeK!

As a Child Rights and Earth Rights Organisation we believe the focus on the 'best interest' of the young evolving members of our earth community, is non-negotiable. What we do or choose to ignore today, will be the blue print of what we leave for tomorrow's world to deal with. It would be appropriate to acknowledge the lawsuit filed in 2015 by the 21 young people of the US, who argue that the failure of government leaders to combat climate change, violates their constitutional right to a clean environment. PRATYeK has also been successful in making local , national and the UN systems, accessible to young citizens.

Participation of young people, and the Earth itself, is central to the values that PRATYeK brings to the discourse on and arena of rights. Most of humankind would readily acknowledge a child's Right to Provision (survival and development) and the Right to Protection. However, the rights of children (let alone the Earth) to participate in 'all matters that affect them' is little known, not understood, unappreciated and consequently not promoted and protected. One indicator of the impact of our work towards promoting the spirit of child participation is seen in the fact that the ruling party of the present Indian government, included the promise of organising children's parliaments across the country, into their national election manifesto as recommended by children's manifesto.

The primary P that we seek to promote, is the P of PRATYeK itself. But, PRATYeK not as an organisation or a brand, but a vision that emanates from the Universal Declaration of Human Rights and all its subsequent Conventions and Optional Protocols. Each article of these visionary documents begins with a sense of, if not the word, Everyone (PRATYeK in Hindi) itself. If each of these rights are not enjoyed by each member of our earth community, we would still fall far short of our roles and responsibilities as a collective human species.

Towards these ideals, the road ahead for PRATYeK lies in embracing the challenge of making our systems more 'by the children' in their design, in their evaluation and monitoring and occasionally in implementation itself. Organisationally, we need to focus on robust systems and structures for sustainability and scale. We also intend using the coming year to underline the skilling of each member of team 'e' (PRATYeK staff) in professional spaces as auditors, protectors and promoters of human rights, child-safeguarding, inclusion, team work, and legal and financial compliances.

Presence empowers us as individuals to embody these ideals and to achieve these goals as mystics and holistic human beings and not as bitter social reformers rallying against every social injustice.

We seek your wisdom, collaboration and support in our journey into the next financial year as we seek to 'leave no one behind' with Presence and stillness as we attempt to give 'Ps' a chance!

Steve Rocha
Executive Director PRATYeK

OUR VISION

Every Child,
For every Right,
For everyone.

A world in which children advocate for all rights, for all.

OUR MISSION

To educate and empower children and their caregivers to build a rights-based, just, inclusive, participatory, equitable and sustainable earth community.

PRATYeK in Hindi means 'Each and Everyone'. Its objective is to protect and promote all rights and opportunities for every child in India, if not every member of the earth community, by creating a vibrant network of children, schools and NGOs spanning across every state in the country.

PRATYeK recognises children as the primary stakeholders of society and therefore seeks to provide them with local, national and international forums to engage with policy makers and other stake holders to ensure the effective implementation of child friendly policies and practices.

PRATYeK believes that while children set out to learn the principles embedded in the Constitution of India and the UN Convention on the Rights of the Child, the Earth Charter and the Edmund Rice Chapter documents , they should also be engaged in ensuring policy level changes as equal and active citizens of TODAY.

OUR LOGO

Stands For.....

Edmund,
Education,
Empathy,
Empowerment,
Equity,
For Every right,
For the Earth,
For Every child,
For Everyone

PRATYeK is the presence of Edmund Rice International in India. The 'e' signifies Edmund Rice, the founder of the Christian Brothers and whose vision is the inspiration of PRATYeK. The 'e' also stands for Education, Empowerment, Equity, for Every right, for the Earth, For Every Child for Everyone. This was the vision of Edmund Rice and also our vision for the world.

OUR IMPACT

- 400,000 children were part of a signature campaign endorsing the demand for an investment of 9% of GDP (Public Spending) by the Government of India (6% for education & 3% for Health) exclusively for children.

- 1,20,000 children engaged in the UN My World Survey to provide input into the formulation of the Sustainable Development Goals

- PRATYeK was the first organisation globally to engage children in the lobbying efforts around the Universal Periodic Review (UPR) process in India and in Geneva. 10% of all the recommendations received by India were on account of our children's efforts.

- 2000 children and 200 organisations from 35 States/UTs in India were trained to be a part of the process to formulate the UPR report for India along with recommendations made to Permanent Missions of India and different countries by the children and for the children.

- Over 1,000,000 children have engaged in PRATYeK activities, so far.

OUR LAURELS

- Inter-Cultural Achievement Award 2016, from the Austrian Government in Vienna for the use of performing arts for child rights.
- A Special Recognition Award from the UN HQ in New York, for engaging children across the country in the formulation of the new Sustainable Development Goals.
- A recognition from UN Women in New York for the engagement of children in child rights as a best practice.

A Special Recognition Award from the UN HQ , New York

Inter-Cultural Achievement Award 2016, from the Austrian Government, Vienna

Recognition from the UN Women, New York

OUR MILESTONES

2017

- Deepening of the UNICEF partnership strengthening to local branches.
- Engagement with influences like Lily Singh and Priyanka Chopra

2016

- Interactive Engagements of YASH children with Sachin Tendulkar and Priyanka Chopra towards promoting Sanitation and to address issue of anemia in girls respectively.
- Swacch Rahagiri with UNICEF and Manish Sisodia, Delhi Deputy Chief Minister and Education Minister in New Delhi.

2015

- An interaction with children and world leaders at the UNGA in New York, where children managed to have influence on all the 17 goals as the world adopted the new Sustainable Development Goals

2013

- An interaction with children and world leaders at the UNGA in New York.
- Organizing the involvement of 1, 20,000 children from across India during the UN My World Survey towards formulation of the Sustainable Development Goals for Agenda 2030.
- Won a special recognition award from the UN in New York (UNHQ) for My World, My Survey and THE Harvard US-India initiative: NGO excellence Award.
- REGISTRATION OF PRATYeK received on the 09.10.2013

2012

- A submission and lobbying by children during India's Universal Periodic Review in Geneva which is hailed as the ‹rst o f its kind in terms of the direct involvement of children.

2011

- 2nd Public Day March with 2000 children held.

2010

- …e idea of starting an independent organization then called P.E.A.C.E. (Presence and Empathy for Advocacy in Child Rights and Earth rights) was initiated

2008

- Met the erstwhile Finance Minister Mr. Pranab Mukherjee towards our goal of 9% by signing our support pledge.

2006

- On 17th Oct 2006, the NINEISMINE campaign was launched.
- 4 lakh signatures from Children in support of the implementation of the MDGs were gathered.
- Met Scarlett Johansson and Dr. Manmohan Singh to sign our support pledge for the 9% GDP investment in children.

OUR SUPPORTERS AND INFLUENCERS

1. Lilly Singh, the Goodwill Ambassador of UNICEF
2. Dr. Manmohan Singh, Former Prime Minister of India.
3. Scarlet Johansson, Hollywood Actress
4. Princess Sarah Zeid of Jordan signing the **NINE**IS**MINE** declaration.
5. Shri. J. P.Nadda, Health Minister, Government of India with Priyanka Chopra, Bollywood Celebrity and UNICEF Goodwill Ambassador.
6. Shri. Pranab Mukherjee, Former President of India.
7. Sachin Tendulkar, Cricket Star and UNICEF Goodwill Ambassador

EMBODYING ADVOCACY

By 2020.....
To have a vibrant group of child advocates from vulnerable communities of our neighbourhoods and organize them into active and meaningful, childrens' parliaments at Junior, Senior and Youth levels.

YASH NEW DELHI

YOUNG ADVOCATES FOR SOCIAL HARMONY (YASH) is a pilot group of 40 young citizens who are trained in the art of advocacy. The purpose of YASH is to build the capacity of the young people by training them on Child Rights, while enhancing their academic performance, monitoring their health issues, and developing them in extra - curricular activities.

JUNIOR ADVOCATES FOR SOCIAL HARMONY AND NATURE (JASHN) was launched and introduced as a weekly programme where 60 children between the age group of 6 to 12 are trained to prepare them as future YASH members. They are also trained in Circus Art and are provided life-skills education and training in child - rights.

Tuition Classes:

The YASH children attend regular tuition classes to enhance their academic performance. In previous years, there were tuition classes for the regular Class-IX and X and also NIOS (Class-X) students only. This year, we have started tuition classes for 60 students of class- VIII, XI and XII. For the students of class-IX and X tuition is provided in all subjects, whereas for the students of class XI and XII tuition is provided on subjects like- Political Science, History, Geography and General Science. 36 children who study in Class-V to Class-VIII are taught English and Mathematics. We plan to impart computer education to the children from next year.

SCS - YASH English Class:

YASH conducts English classes for the children so that they can speak good English so that language doesn't act as a barrier in the way of communication and future job opportunities. This year, PRATYeK organised English classes in which students from **St. Columba's School**, New Delhi taught English to the YASH children by using the 'Language in Use' book. The immediate aim of these classes was to help and develop the confidence of these young advocates to put forth their ideas in English to the non-Hindi speaking leaders, dignitaries or embassies in their future visits.

Health Camp:

Under YASH program, PRATYeK also organises periodic health camps for the children. This year, PRATYeK organised two camps on 20th August and on 29th November, 2017. The first health camp was for the General Health Check-up of 80 children by **Dr. B.L Chaudhury** from **Raja Mahendra Pratap Health Mission**, New Delhi. The second Health Camp (Free Eye Check-up) for 80 YASH children was conducted by **Lion's Club, New Delhi**. Next year we are planning to organise oral care and skin check-up camps.

Mid-Day Meal:

This year, YASH began its mid-day meal program with rations provided to the children directly by **Delhi Foodbanking Network** as most of YASH children are from the nearby slums and they come directly from schools to attend the tuition classes and other sessions. PRATYeK offered to cook the food for these children. This arrangement ensures nutritious meals for each child. However, children have to contribute 2 rotis from home as their 'fees', while dal, curry and rice is provided by PRATYeK.

Summer Camp:

Every year YASH organizes a summer camp for the children during their summer break in the month of May-June. This year in the summer camp, 16-31 May 2017, the children were taught Yoga by **Ms. Hemlata**, art and craft by Ms. Yogita, dance by **Mr. Danish**, and theatre, on issues relating to environment and gender equality by **Mr. Sandeep**. The camp culminated with a parent-teacher meeting where the children performed what they had learnt during the camp. This event doubled up as their annual award ceremony.

Circus Art:

The most entertaining and child friendly medium to speak about child rights is circus. The YASH and JASHN children were taught by Mr. Souran, (who himself was a YASH child who was previously taught by **Andreas Ceska.** Andreas, a professional artist from Vienna ,devotes his winters to train our kids in this unique arts) to use various equipment like unicycle, juggling balls, hooplas, rings, globes and poise to draw maximum attention and speak about child rights and the sustainable development goals. The YASH children performed circus art at various forums such as **NCPCR** event, **Caritas – Chetanalaya** Lenten Campaign Inauguration; at various schools fest in places like- Shillong, Kolkata and Kurseong; and have also performed at the international level at **United Nations Office, New York**.

Educational Tour:

26 YASH Children along with 3 coordinators were taken for an educational tour to Kolkata and Kurseong in May, 2017. The first destination for the children was **St. Joseph's College**, Bow Bazaar, Kolkata. The YASH children performed circus art, flash mobs, street plays, and fashion shows at the host's annual fest, 'JOSEPHTSYNA'. The entire crowd was mesmerized and overwhelmed by their performance. After the 3 days long fest the children were given spoken English sessions by the staff of St. Joseph's. The children also visited Mother Theresa's Home, Victoria Memorial and St. Paul's Cathedral.

The next destination for the children was **Goethal's Memorial School**, Kurseong. The children got a warm welcome from

Br. Robert, the Principal of the school. Here the children learnt spoken English and got tips on sports like Football and Basketball. The children had a wonderful experience of staying in a hostel since it was a newer kind of living for them. They were taken for 2 days excursions to the Makaibari Tea Garden, Children's Park, the Darjeeling Zoo and for shopping.

Community Engagement:

Every month the PRATYeK staff visit the nearby slum communities to strengthen the relationship of PRAYTeK with the community, by linking them with various government welfare schemes and services and also to educate them on various issues related to children- child rights, gender equality, importance of education. The problems people face in the community are also heard and solved as far as possible. People are also made aware of the various programs run by PRATYeK and the areas where their children are engaged by the community itself.

Christmas For All

On 14-15 December 2017, PRATYeK organised "Christmas for All" to encourage the idea of secularism. The event was a Christmas play depicting social issues. The entire play was performed through the medium of Circus Arts (on wheels, globes and stilts) and with diablos, poises, juggling balls, hooplas, etc.

Around 4000 students from **St. Columba's School**, **Presentation Convent**, **Salwan Public School**, **Loreto convent**, and **CJM School** had attended the event. Eminent dignitaries representing **UNICEF**, diplomats from the **Irish Embassy** and **Austrian Embassy** were also present during the evening show. Along with the performance of the children from PRATYeK, **Capital Minstrel Choir** mesmerized the audience with melodious singing of Christmas carols while **Zoa** rendered the final carol 'this is Christmas'.

YASH MUMBAI

YASH, Mumbai started in partnership with **Prayas**, an organization based in Mumbai in January 2017. PRATYeK trains the poor and marginalised children from the nearby communities on Child Rights, Advocacy, life skills, leadership and team building. Prayas on the other hand provides the academic support to the students. There are 35 children in the YASH Mumbai group.

ENABLING PARTICIPATION

By 2020.....
To ensure that children's voices and adult defenders of their rights are heard and they are meaningfully engaged in all democratic forums towards influencing all issues affecting children.

YASH CHILDREN'S PARLIAMENT (DELHI)

PRATYeK has been able to organise a Children's Parliament in Delhi under its YASH program. The children's parliament consists of 36 members and 18 ministries, representing 17 ministries as per the 17 SDGs and one additional ministry as per **NINE**IS**MINE**'s Goal "ALL RIGHTS FOR ALL CHILDREN" and each ministry comprises of two ministers.

The members of children's parliament meet twice a week. Each Friday, they have input sessions on currents affairs / issues happening in the country, about child rights, and SDGs. Each Sunday they meet to discuss issues related to their neighbourhood and try to find solutions to those issues. Currently the group is actively engaging with the **New Delhi Municipal Corporation** (NDMC) to construct separate toilets especially for children in their own community.

PRATYeK aims to form a federated Inclusive Children's Parliament in Delhi, and to achieve this we have been interacting with the local NGOs and networks of all the 7 Lok Sabha constituencies in Delhi, who are working on child rights and have constituted children's parliament. A meeting with all the NGO representatives of 7 Lok Sabha constituencies, was held in January, 2017, at Okhla, Delhi to discuss this agenda and **Aman Biradri**, one of the organisations in South Delhi, was the first organisation to take this agenda of Delhi Children's Parliament forward. Our YASH children also visited Aman Biradri and interacted with their 50 children and 5 coordinators and helped them to understand the importance of Children's Parliament.

Stopping a child marriage in Delhi

My name is Himanshu . I am a member of the YASH Children's Parliament. This year is we stopped a child marriage from happening in our community. One day, we got the information t that a girl child from Palikadham community was to be married off by her parents. We had a long discussion about this and tried to find out different ways to stop it. We prepared posters, banners and slogans against child marriage. We also performed a street play based on the repercussions on the girl child, the illegality of child marriage and punishment related to it. We also organised a rally through the three communities where PRATYeK is working to create awareness among the community members about the ill-effects of child marriage. The day after the rally, the mother of the girl-child called the staff of PRATYeK to inform them that the marriage had been called off. She sought the support of PRATYeK to help her daughter to continue her education.

To ensure that such events do not happen in the future, we organised a sticker campaign which sought families to paste signs on their main doors, announcing that they stood against child marriage

Himanshu
Minister of YASH Children's Parliament

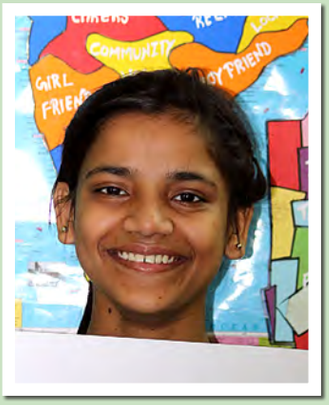
YASH CHILDREN'S PARLIAMENT MUMBAI

Taking forward the experience of organising Children's Parliament in Delhi, our Delhi team visited the Mumbai team to support their work with the children, parents and the local community. As a result 8 children's parliaments were formed in 4 districts of Maharashtra i.e., Mumbai, Raigarh, Jalna and Yavatmal.

As part of their capacity building experiences, a few YASH-Mumbai children's parliament members visited Delhi to interact with **Lilly Singh**, the Ambassador of UNICEF and You Tuber/Social Media influencer on the issue of child safety in India. A few of them were also part of the Online Campaign on "Online Violence against Children" where they interviewed **Karanjeet Kaur**, the Author and Founder of Arre about how to keep themselves safe while using internet and so on. The YASH children have been participating in different platforms organised by **UNICEF-Mumbai**. Elections for parliamentary posts have not yet been held since members are still being trained as child rights protectors and promoters.

"My name is Priya and I study in class- X. I have been coming to the PRATYeK office for the last two years. Before coming here, my English was not good. I was not interested in any group activity and was more self-centred, I had no idea what are my rights as a girl. However, Since coming here, I have got the confidence to speak in English in front of others. My performance in studies has improved. I learned circus art and also know my rights. My parents are also happy for me.

Thank you PRATYeK/**NINE**IS**MINE**."
Priya (Class-X)
Minister, Yash Childrens' Parliament



EDUCATING FOR LIBERATION

By 2020.....
To ensure that all Edmund Rice ministries in India, embed justice into their curriculum and systems.

As part of the larger General Chapter mandate of the worldwide **Christian Brothers** organisation and under the guidance of the Brothers Leadership in India, PRATYeK has been actively engaged in a variety of trainings and activities with students and staff of the Edmund rice network in India. These are designed to create awareness of of needs of those on the fringes of society, particularly vulnerable children. This Program is called adJUSTed.

Just Us Animators Meet – This year two training sessions were held- one in Shillong and the other in New Delhi. The focus was the 'Step in the Rights Direction' manual compiled together by **Ravi Nair** who was himself the trainer for the sessions. The Shillong training was attended by JUST US animators from **St. Edmund's school** and **St Edmund's higher secondary school**, **Shillong**, **St Joseph's Kolkata**, St **Mary's Dum Dum**, **St Vincent** and **St Patrick's Asansol**. The Delhi Session included facilitators from **St. Josephs Nainital**, **St. Columba's, New Delhi**, **Goethal's Memorial, Kurseong. St John's, Chandigarh**

Touch Stones -**Br Damien Price** from the Edmund Rice Education Australia Office, conducted a cross country exercise with varied groups to evolve a charter of possible non-negotiable identity standards for the Edmund Rice network of schools across India. A range of Christian Brothers, school leaders, principals, coordinators and students were interviewed and led into a process of discernment.

Geneva Training – This year **Anjali Pant** from St. Columba's school joined the training workshop in Geneva which was organized by the Edmund Rice

International. The training focused on the UPR process and how individuals can make use of the same for the promotion and monitoring of Human Rights in their own countries. The participants witnessed the UPR process of Zambia in the main hall of the OHCHR. The training workshop was also attended by delegates from Australia, Sierra Leone South Africa, and Kenya.

Iona – St Mary's Interaction – As in earlier years PRATYeK helped facilitate the immersion of Iona college through an interactive advocacy training session with the students of St Mary's school Dum Dum. The focus remained the Global Goals and the students jointly worked on creating a resource manual on potential school based activities and competitions that can be modified to promote the SDGs. Students from St Joseph's College and St Georges Bow Bazar also attended the workshop. This immersion also included an interaction with the America Consulate on the possibilities of joint interactions for the way forward towards the promotion of the SDGs.

St Joseph's, Nainital – The PRATYeK team visited St Joseph's Nainital in an attempt to set the ball rolling in the school in the field of embedding justice into the curriculum. The intervention included a presentation of the school community on the SDGs, and interaction with the neighbouring outreach program and interactions with student leaders and the school administration.

In the year 2016, the responsibility of leading the Social Justice Team and preparing the annual SJ plan of my school was given to me by my Principal. A little overwhelmed by this responsibility, my first appeal of help went to PRATYeK. Not only did they help me and my SJ Core Team plan for the year but the PRATYeK's staff constantly motivated, inspired and challenged us to take bold and new initiatives every year. Thanks to their creative insights we were able to attend regular trainings, meet Justice Animators of other ER schools, get the best of resource materials and grow in our knowledge of Human and Earth Rights, and Advocacy. I personally have over these years developed a keen lens of justice through which I filter my work, my relationships, my choices and my Catholic Faith. Through our collaborative efforts in organizing outreaches, campaigns, seminars and events for our school students, parents and teachers, we have been able to help the school community grow extensively in their awareness of the inequality, poverty and human rights violations that exist in our society – on local, national and global levels.

Grace David,
Social Justice Animator,
St Columba's School, New Delhi.

Hi, I'm Gaurav Makhija from St. Vincents School Asansol. Giving my views on social justice today, I'd like to express my immense gratitude towards my wonderful teachers for leading me onto this path where I feel like I'm giving something to the society The pedagogy of PRATYeK is gradually being applied in our school.

Our school has organised various events such as the Just Fair, where students hosted a fete/fair and we invited kids from several NGOs. We also had Nukkad Nataks performed in our school by every class for the students as well as during CCBI . With EREBB, we had two interactions, one with Irish Alumni and the other was with students from St Patrick's Australia. At the end of the year during winters, we started the Spread the Warmth campaign where we donated warm clothes to the poor.

Having personally interacted with PRATYeK, and being a student of St. Vincents, I have been immensely influenced by all that we have done these past years. My view towards the society has changed. Earlier I was indifferent to people but now I honestly care when I see someone whom I could help. I actually feel that I can make a difference.

Gaurav Makhija
Class XI St.Vincent's High and Technical School, Asansol

ENGAGING WITH POWER

By 2020.....

To Strengthen the voices of children by providing them and their care-giver's with opportunities to engage with policy makers and other power centres for claiming child rights and earth rights.

On P.A.R. with Power

The Project 'On P.A.R. (Participation, Advocacy and Reviews) with POWER' focuses on the advocacy component of PRATYeK's work. With the support from UNICEF, Mumbai, we provide the children with necessary information on the UNCRC, the Constitution of India, SDGs; various processes and avenues to learn the art of Participation, Advocacy and Reviews in the actual context of today's world to become part of the public agenda and discourse. While most of our work is focused on child led advocacy, this pillar of our engagement enables us to rally in adult child rights defenders and organisations in support of children.

Children's Day Celebration

UNICEF and **Doordarshan** partnered with PRATYeK /NINEISMINE for a live children's day celebration program on 20th November, 2017. Shreya, a YASH child from PRATYeK had been chosen to anchor the event along with a student from **Sri Ram School**. **Ms. Stuti Kacker,** Chairperson, NCPCR and **Mr. Justin Forsyth,** Deputy Executive Director-UNICEF were the chief guests for the event.

UNICEF organised another interactive platform where children from **NINE**IS**MINE** were invited to participate in the discussion on child rights with **Sachin Tendulkar-** Cricket Star from India and **Yasmine Haque-** UNICEF Country Representative. The point of discussion was to ensure that all children get equal rights without any discrimination. After the discussion, there was a cricket match between children with disabilities and the **UNICEF team** members along with Sachin Tendulkar.

National Commission for the Protection of Child Rights (NCPCR) organised the children's day program celebrations at Janpath, New Delhi, where children of **PRATYeK|NINEISMINE** were also invited. The event witnessed children from various organisations putting up spectacular performances on the occasion of the International Child-Rights Day. Many government officials, celebrities, including child artists were also present at the event.

The National Stock Exchange Event

An event was organised at the **National Stock Exchange** (**NSE**), Mumbai, Maharashtra on the occasion of Children's Day. It was also the day of **Children's Take Over** that was being celebrated by **UNICEF** across different parts of the country. At NSE, a group of YASH children presented the work and advocacy efforts by children of PRATYeK|**NINE**IS**MINE** across the country on SDGs. Two YASH children were also part of the panel discussion, one as the moderator and the other as a panelist.

Interaction with Priyanka Chopra

Children from PRATYeK | **NINE**IS**MINE** were invited by UNICEF for an interaction with **Priyanka Chopra** to discuss about child rights and also to highlight the fact that the world does not need a special day to celebrate childhood. For children, every day is a child rights day. There was a press conference by Priyanka Chopra after the interaction.

With Theatre Personalities

On 16th November 2017, five children of YASH-Mumbai interacted with theatre personalities- **Amruta Sant** and **Sujata Shirke**, at Dadar, Mumbai, where they asked them various questions relating to safety of child artists working in the film industry, how are they treated and what kinds of violations/abuse children face. Amruta Sant and Sujata Shirke also gave the children a few tips on how to become good actors.

Children's Take Over

On 20th November 2017, **Lokmat** and **Ajinkya D Y Patil University, Pune** in collaboration with UNICEF, had organised the Children's take over event, where eight children from YASH-Mumbai participated. The children presented the advocacy work done by the children of **NINE**IS**MINE** across the country on SDGs. After this presentation, five children also gave a two minute speech each, about the hardships that they face in their lives and requested the dignitaries and others present to help people in need, not in the form of charity but through means which would enable them to become self-reliant and independent.

Short Film on Gender Gap

UNICEF Headquarters in New York wanted to make a film on the gender divide using the internet or technology. Two children (siblings) from YASH-Mumbai got the opportunity to be part of this shoot. It was a three-day process where both the children were shot on various occasions of their routine lives to highlight the gender divide. The film was released worldwide during the State of the World's Children (SOWC) Report Release event, held on 20th January, 2018.

UNICEF's SOWC Report Release

State of the World's Children (SOWC) is a yearly release of report by UNICEF, which talks about the different work that has been done by them in different parts of the world and about the current status of children across the globe. The UNICEF - Mumbai office organised their release on 20th January, 2018 at Raj Bhavan, Mumbai by **C Vidyasagar Rao**, the Honourable Governor of Maharashtra. Two children from YASH-Mumbai participated in the event and spoke about 'Online Safety of Children' before a number of eminent dignitaries present there. It is significant to note that PRATYeK's children featured on the cover page of this global report.

EMPOWERING COLLABORATION

By 2020.....
To build a national and international network of schools and child-rights organisations towards furthering the cause of child rights

GLOBAL GOAL KEEPERS

More than 2000 children and 200 Child Rights organizations of 35 States/UTs in India, went through a rigorous process called 'Global Goal Keepers' designed by the PRATYeK/**NINE**IS**MINE** with support from UNICEF to formulate the **Universal Periodic Review** (UPR) Report for India along with the recommendations by children and for children. Workshops were organized in a child friendly way, to help the participants learn about the SDGs and the CRC. Nearly 40 consultations took place between the months of May and August, where children shared their recommendations and life stories, which were compiled in a coffee table book named 'Tell Tale Signs - Li'l Indians Speak Out For a Change' and a report was prepared for a joint submission to the 27th session of the UPR Working Group (May 2017) along with **Edmund Rice International** and **Franciscans International**.

UNIVERSAL PERIODIC REVIEW

To lobby for the children's recommendations with the representatives of the Permanent Missions at the U.N., Geneva, a five-member delegation from **NINE**IS**MINE** were chosen to visit Geneva during the sessions of the Pre-UPR from 3 - 7 April, 2017. Two children, **Swarnalakshmi** who is visually impaired and **Esme L. Hrangkhwal**, hearing and speech impaired led the group. The three adult escorts were **Sr. Mary Colaco D.H.M., Sr. Sini Antony M.S.M.H.C.,** and **Mr. Vijay Kumar (Manav Vikas Samiti**) **Simla Chandigarh Diocese Society**, who was the 'child' representative 4 years ago, at the last UPR of India. The ERI Brothers hosted the delegation and facilitated our meetings with the Permanent Missions, **Child Connect** and other key stakeholders. Mr. Vijay Kumar had 4 years earlier been part of the child delegation and now organised the delegation even as he continues as a zonal coordinator for the campaign.

The delegation met the Permanent Missions of Ireland, France, Mexico, Germany, Sweden, Argentina, Switzerland, Canada, Australia, United Kingdom and Bulgaria.

During our presentation, the two child delegates shared their personal stories and strongly emphasized that children are not only the future but also the present. They stressed that every child deserves equal rights, equal opportunities and equal dignity, without discrimination. The Permanent Missions were impressed by their presentation and were very encouraging in their comments and observations. The entire report mapped the status and recommendations related to child rights vis a vis the UNCRC and the UN SDGs.

HAQ kiSHOR

Every year PRATYeK organizes workshops for the students of various schools across Delhi to sensitize the students on various issues of Sustainable Development Goals and Child Rights. The students are facilitated by various resource persons throughout the year.

On 7th November, 2017, PRATYeK conducted one such workshop in St. Columba's School, where students from various schools like **Mater Dei**, **Jagannath International, Arwachin Public, Navyug** and **Fr. Agnel's School** participated. The theme of the workshop was Social Media for the Sustainable Development Goals. The resource person of the workshop was Mr. **Ankush Vengurlekar**, a communications consultant, trainer and an environmentalist.

During the session the children were oriented on the skills of photography and videography. They were briefed on how to use these skills to promote the SDGs. The students were also taught to create videos and edit them according to the scenario and the audience of the various sessions that they are conducting and about their call to action.

One Billion Rising

Like every year, children from **NINE**IS**MINE** participated in the One Billion Rising Annual event. One Billion Rising is a campaign for ending violence against women. The theme of the One Billion Rising event this year was to end violence against women. The medium chosen for awareness was dance and music. Many people gathered to witness the amazing gathering. Many children supported the child protection issues and also spoke about Gender Equality.

R.A.I.S.E. NE

Regional Action for Inclusive Education in the North-East is a project which is being implemented in the five states Assam, Meghalaya, Tripura, Manipur and Nagaland since September 2016. It works with the Sarva Siksha Abhiyan (universal primary education scheme) schools in 5 states and 15 districts to promote inclusive education with a specific agenda to include children with disabilities in mainstream education. Br Steve is the advocacy consultant of the project and strongly facilitates the promotion of children with and without disabilities as advocates for inclusion.

Advocacy and Campaign Design workshop: PRATYeK organised the workshop, held in Guwahati, Assam in May, 2017 for its staff as well as all North-East partners. The resource people for the workshop were **Ms. Veenu** from Breakthrough and Mr. Ankush Vengurlekar. The workshop was quite helpful for our staff and partners and helped them put in place a campaign and a plan of action for the Raise North-East Network.

Training on Preparation of Children's Manifesto: A two-day training, was organised at **Bosco Reach Out**, Ulabari, Guwahati, Assam, on 8th-9th November 2017 for 30 children of 15 NGOs of Raise NE Project. The children were trained on what are the rights of the child and on what kind of human rights violation or deprivation children are facing today and what recommendations they would want to propose to make their lives better.

My first experience with **NINE**IS**MINE** campaign goes back to 2009. At that time I was actively involved with Wada Na Todo Abhiyan. Personally, I met the people living in Bhubaneswar slums and made them aware of **NINE**IS**MINE** and its work.

It's nice to work with **NINE**IS**MINE** a national level platform with international repute, which is working consistently for child rights. Since we are a part of **NINE**IS**MINE**, we've got the opportunity to be in contact with other child rights organizations and our children are also getting exposure by participating in various child rights platforms and fora. So far as the Children's Parliaments are concerned, many people are showing their interest in the concept of children's parliament and are requesting Sahayog to help them to do same in their respective schools or places.

Working together with **NINE**IS**MINE** has also impacted my life personally as I have learned and gained the knowledge of child rights and children's parliament. In our organization too, we use the methods of children's parliament and its activities for critical thinking of the situation on different issues.

Bijayalaxmi
Director- Sahayog, Odisha

ENCOURAGING INTERNATIONALITY

By 2020.....

PRATYeK builds a vibrant network of young advocates across the globe who would respond proactively to protect and promote child rights and earth rights using varied democratic processes particularly those of the United Nations.

Universal Periodic Review Session

In May, 2017, Br. Steve Rocha, the Executive Director of PRATYeK travelled to Geneva to attend India's Universal Periodic Review (UPR) session. He also met with permanent missions, advocating for child rights and SDGs. He travelled to Ireland to connect with the ERI network since Ireland herself had undergone the UPR process along with India. He attended numerous side events OHCHR to advocate for issues related to children in India.

Drum Out Poverty Day

NINEIS**MINE** organises Drum Out Poverty Day campaign every year on the 17th October. In this campaign various schools and organisations in India and at the international level join hands and raise their voice to end poverty and hunger. Last year, the theme of the campaign was 'Leave no one behind'. Supporters and partners from various schools and organisations both nationally and internationally sent videos of children playing djembe beats to support one of the SDG goals. **NINE**IS**MINE** global anthem for the SDGs was composed by **Ekka Music** and released for the occasion.

Global Campaign 'I Am Your Neighbour'

PRATYeK contributed to the **EREBB** (Edmund Rice Education Beyond Borders) global campaign of 'I am your neighbour', held in May 2017, on Edmund Rice Day. Children from India submitted videos (in different Indian languages) for the campaign. The objective of the campaign was to create awareness of different global issues and to announce that we are available as neighbours to our friends globally.

International Human Rights Training Program, Canada

In June 2017, Br. Steve Rocha from PRATYeK was selected for the International Human Rights Training Program, held in Canada. People from different parts of the world were also part of this workshop for a holistic understanding of the human rights, child rights and some more tools and mechanisms for advocacy. Br. Steve promoted the work of PRATYeK and **NINE**IS**MINE** and particularly the idea of children as focal players in the protection and promotion of Human, Child and Earth rights.

I have been associated with PRATYeK for 4 years through visits but longer through pupil awareness in schools. Working with PRATYeK has fundamentally changed the way that my students view the world and made a huge difference to the way that they question those in power. After our immersions, students come home and share their newly acquired knowledge with peers in schools and then we use this energy to look at social justice with different groups of students. Some of our students after immersion and work with PRATYeK have changed their degree course options, opting to go and study international relations, law, or politics at university. Some go on to pursue other opportunities to work with other NGOs both nationally and internationally, and some have even gone to volunteer and then work in the charitable sector.

After spending time with the children at PRATYeK, my students have a paradigm shift…they cannot un-see, un-learn or un-hear what they experience whilst in Delhi. The face to face reality of these students, with similar aspirations and interests to their own , has a profound impact. Many of our students begin to comprehend that the media is no a honest as it would want society to believe and they also understand that systematic change is more vital than pure charitable giving.

Caroline Cirino
Director of Sixth Form St Joseph's College Stoke-on-Tent, United Kingdom

IMMERSION

In the year 2017-2018, there were various schools from across the world that came in for various sessions to India. These groups come in to experience a new learning. The schools that were a part of the immersion were:

- Seymour College , Australia
- St. Joseph's College , Stoke on Trent
- All Saints College, Australia
- Colaiste Choilm, Ireland
- Edmund Rice School, Australia
- Iona College, New York
- St.Kilda, Australia
- Ardscoil Na Mara, Ireland

The colleges and schools that are a part of the 'immersion' for advocacy program are a part of various activities with **PRATYeK**, like:

a) **Advocacy Tour** - a guided tour by our young students of the work they do in advocacy by visiting varied sites.

b) **Faith Walk** - a guided tour by children of varied faiths to their houses of worship.

c) **Rural Visits** - to understand the push factors that encourage urban migration

d) **Slum to the Mall Walk** - a guided tour by young student that depicts how poverty and affluence coexits.

e) **Tribal Prayer** - interaction with our First Nation people who work as domestic workers and who are often the victims of human trafficking.

f) **Young Children's Parliament**- visit and interaction with children who address local issues of child neglect, child abuse and child rights.

g) **NGO Visit** - to other developmental child rights, human rights and earth rights organizations.

h) **Visit to the Taj Mahal** - with a meal prepared by victims of Acid Attacks.

i) **Tour of the city** - to visit to world famous tourist sites of Delhi alongside a child guide who breaks open his/her life story even as the pages of Delhi's history enfolds

j) **Voluntary Work** - by visitors of painting walls or cleaning up stores packing gifts for children.

k) **Bollywood Knights** - A fun interaction through Bollywood, western and ethic dances.

l) **Street Walk and Talk**- street children describe life on the streets while sharing their personal experiences.

m) **Language Exchange** - visitors teach our students English even as they are taught phrases in Hindi.

n) **Shopping Tours** - adult escorts and street smart kids escort visitors through Delhi markets

o) **Circus Art Experience** - YASH children perform their famous circus art performance to highlight child rights issues.

p) **Festive Day** - Organisation of Children's day celebrations and other international celebration with the YASH kids.

EMBOLDENING COMMUNICATION

Children for Democracy:

PRATYeK | **NINE**IS**MINE**organised a 15 day campaign, from 10th to 26th January 2017, to sensitise the public about the importance of including children in the decision-making and policy making process. The campaign started as a result of a survey done by PRATYeK, which concluded that while 73% of adults think that children can bring new perspectives into decision-making, 75% respondents think that they don't have the ability. In this context, the Children's Parliament, which this campaign is based on, helps build the capacity of these children to channel their ideas in an impactful way. The campaign was carried out using videos and info-graphics. A session of YASH children's parliament, the achievements of YCP, videos of SDG ministers of YCP speaking about their portfolios were used for this campaign. It was also highlighted that making policies for children without consulting the children are meaningless and will not yield any desired result.

Online Safety of Children

PRATYeK | **NINE**IS**MINE's** online campaign supported by UNICEF India and **Navi Umeed**, aimed at spreading awareness among adolescents and adults about online safety and online violence against children. Among those interviewed by the children for this campaign were **Mahima Kaul**, Head of Public Policy at Twitter India; **Anshul Tiwari**, Founder and Editor-in-Chief of Youth Ki Awaaz; **Karanjeet Kaur**, Author at Arre and Manon Verchot, Head of Mobile and Video team-Hindustan Times. The campaign was held for 64 days, between 10th October and 13th December 2017. And the social media posts reached out to more than 3, 30,500 people.

Interaction with Instagram Bloggers

UNICEF organised an online video interaction with 3 famous instagram bloggers – **Scherezade Shroff Talwar, Vaibhav Talwar** and **Shivesh Bhatia**, in December 2017, where children of PRATYeK | **NINE**IS**MINE** were also present. The bloggers spoke to the children about child rights and related issues. They also posted those issues on their channels to create awareness among the masses.

UNICEF Digital Carnival

Two Children from PRATYeK | **NINE**IS**MINE** were part of the panel discussion on digital participation and safety organised by UNICEF in the month of December 2017. The event focused on creating awareness about online security for children.

Imagination Breathing

PRATYeK developed a rapport with a web portal called Imagination Breathing, a blog that writes about positive changes and inspiring stories. They posted the inspiring story of Aishwarya, one of our YCP children, which received a lot of appreciation and brought visibility to the work of PRATYeK.

ENHANCING CAPACITY

CATS - Geneva

One of our team members, Siddhi Gheewala, had participated in the week-long Children as Actors of Transforming Society (**CATS**) Conference, held in Caux, Switzerland, in the month of August 2017. It is a forum where both the children and adults are given the space to work together to make a better society. It was organized by Initiative of Change (**IofC**).

PRATYeK | **NINE**IS**MINE** has agreed to collaborate with CATS-Asia and to take this forward PRATYeK team members and two young advocates of YASH-Delhi had participated in the core-team planning meeting held at Panchgani, Maharashtra, in January 2018 and it was decided to organise the CATS-Asia Conference in the month of September, 2018.

Human Rights Training, Geneva

One of our team members, Sarah Fernandes, attended the ERI training on Human Rights, held in Geneva, Switzerland, in November 2017. The purpose of the training was to enhance the skills and develop the understanding of participants on human rights advocacy and to understand the UN mechanisms (UPR, Treaty Bodies and Special Procedures). The participants had also an opportunity to visit the United Nations Office in Geneva to get a glimpse of how things work at the UN level.

Visit of Child Protection Officer of Misean Cara

Sandra Neville, child protection expert from **Misean Cara**, visited our project in Delhi and Mumbai in the month of October, 2017, to evaluate PRATYeK's child protection code. She was quite impressed with the child protection policy, child-friendly process to engage young people and to engage various organisations and networks for organising children's parliaments in India and for advocacy with different stakeholders.

Social Media for Development (SM4D):

A staff of PRATYeK, Astha Pando, attended the SM4D workshop conducted by **Digital Empowerment Foundation**, in October 2017. The purpose of the workshop was to equip the participants on how to use social media in a more interactive manner. The workshop also had a session by Breakthrough-India on how to design campaigns

Training on Results-based Project Management:

A capacity building training on Results-based Project Management (RBM) was organized for all the staff of PRATYeK, on 9th March, 2018 at the PRATYeK field office, New Delhi. **Mr. Khilesh Chaturvedi** (an Independent Trainer, Advisor and Evaluator) was the resource person and staff members learnt how results orientation is an important element in the project management process that assisted the staff in putting robust RBM systems into place for PRATYeK

Organisational Development:

In the month of April, 2017, the entire staff of PRATYeK went to Chandigarh for a week long training on PRATYeK's vision and mission, child protection, risk assessment team building and spirituality. The first day included sessions on spirituality, which was conducted by **Br. Gerard Alvarez** to know oneself as an individual and to understand the work of our own body for our own benefit and others. The next one and a half-day focused on group work, the resource person was **Ms Gloria Burrett**. It was focused on growth as a team and how to work through on group dynamics. The last two days were devoted to build the understanding of staff about the child protection codes and its importance to us as a child rights organization. **Br. Philip Pinto** was the resource person for this workshop. The staff also learned how to design a risk assessment before conducting any program.

Training on Gender Sensitization:

A one-day training on "Gender Sensitization," for the staff of PRATYeK was organised on 12th March,

2018 at PRATYeK office, New Delhi. Ms. Veenu, from Breakthrough was the resource person for the workshop.

Workshop on Facilitation and Results setting for House of Kidizens Project: A day long workshop on Facilitation and Results setting for House of Kidizens Project was organised on 13th March 2018, for the staff of PRATYeK and especially for programme team members and Zonal coordinators of the House of Kidizens Project. Mr Khilesh Chaturvedi was the resource person of the workshop. At the end of the workshop, the participants learnt how to do facilitation, and how to strengthen the children's parliament and how to develop a blueprint on how to go about the plan to achieve the objectives of the project.

Orientation on Financial Procedure:

A one-day orientation on Financial Procedure was organised for the staff of PRATYeK on 14th March, 2018 to develop their understanding on the official financial rules and procedure one needs to follow in PRATYeK. Mr Jitender Kushwah, finance consultant for PRATYeK was the resource person. He appraised the staff about the Finance policy, Internal financial rules, Procurement rules, Taking Advance, Clearance of Advance, etc.

Workshop on Sexuality:

A one-day workshop on "Sexuality" was organised for all the staff at PRATYeK office, New Delhi on 15th March 2018. **Ms Reena** and **Ms Manasa** from YP Foundation were the resource persons of this workshop. They spoke about the understanding of human sexuality, human sexual development, culture and sexuality. Issues linked to sexuality, sexual orientation, sexual activity, capacity for sexual feelings, and terms like homosexual, heterosexual and bisexual.

Orientation on Inclusion from the perspective of Persons with Disability:

A one-day orientation on inclusion from the perspective of Persons with Disability was organised for all the staff at PRATYeK office, New Delhi on 16th March 2018. **Ms Geeta Chaturvedi** was the resource person for this. Inclusion is a universal human right and its aim is to embrace all people irrespective of race, gender, disability or with medical or other needs. It aims to ensure equal access and opportunities to all. She also shared a check list to ensure that all our programmes and activities are inclusive.

Workshop on Child Participation:

A one-day workshop on 'Participation' was organised for all the staff at PRATYeK on 17th March 2018. **Mr. Ilango**, from Plan India was the resource person for this workshop. He spoke about understanding the children, process of communication, listening to the children, 4 types of therapy like- Touch, Talk, Trust and Time; and about the Ladder of Child - Participation.

My name is Yogita. I come from a family that does not like their women or girls to work outside. After my marriage broke down, I had no other option but to work outside to fend for myself. Initially I started taking tuitions of children at home. Then I joined PRATYeK in December 2014 as a volunteer. After one year and after looking into my performance at PRATYeK, I was made the YASH Officer. I have completed three and half years in PRATYeK and within these years, there have been lots of change in me personally. I have become more confident and don't fear to take up any work or responsibility. One major thing I learned in this organisation is that unless you made mistakes, you will not learn. I also learned a lot about child rights and advocacy. PRATYeK has made me an empowered woman and I am not dependent on my family now. Thank you Br. Steve and the PRATYeK team for bringing this positive change in my life.

Yogita Gola,
YASH Officer, PRATYeK

OUR CAMPAIGN

NINEIS**MINE** is a national advocacy initiative of the children, by the children, and for the children. It is convened by PRATYeK and led by **Wada Na Todo Abhiyan** (India's largest Keep the Promise Campaign to keep government accountable to end poverty and social exclusion). **NINE**IS**MINE** is a participatory children's advocacy initiative to claim 9% of the Gross Domestic Product (GDP) related to Health (3%) and Education (6%) as promised by the Government of India in the Common Minimum Program, 2004. Later the campaign grew to realize the exclusion issue of children particularly in the context of India, therefore, incorporated a strong focus on 'the last child' while seeking 'all rights for all children.'

The purpose of the campaign is to put children from across the country at the centre of advocacy efforts; speaking in one voice, to enable every child to enjoy basic healthcare and quality education as their non-negotiable right. .It attempts to make all democratic platforms accessible to children in child friendly formats towards the realization of all their rights particularly for the most marginalised ones.

The network has over **100 schools and 200 NGOs** as partners across **30 States and Union Territories** in India that work collectively towards holding the government accountable to its promise to end poverty, social exclusion and discrimination, towards meeting the United Nations Sustainable Development Goals (SDGs), the United Nations Convention on the Rights of the Child (UNCRC) and the National Policy for Children.

An Advocacy initiative of, for, and by the Children

"I know **NINE**IS**MINE** is a great initiative which is led by young people themselves to make this world a better place and particularly the SDGs, which are the guiding force of future generations and this generation as well. The youth are taking a lead in it and that is commendable"

Kailash Satyarathi, Nobel Laureate.
